New catalogue Furniture Fittings and Applications

The new "Furniture Fittings and Applications" catalogue from Hettich is now available. This edition of the Furniture Fittings and Applications catalogue comes to you in a new outfit - now, for the first time, in two volumes. The reason: the growing wealth and diversity of Hettich fitting solutions have made the reference work heavier and heavier. But with Hettich standing for easy, practical solutions that lighten the workload, we want to make our catalogue easier to work with every day by dividing it in two.

On the following pages you will get an overview of Hettich fittings available in imos.
